Experience

Nursio Innovation

Software Development Intern

Bhubaneswar, India

Jun 2026 – Present

- Engineered a startup website using Next.js 14 and Tailwind CSS, achieving a sub-1.5s initial page load time and optimizing SEO across 5+ responsive service pages.
- Architected an internal dashboard with Prisma ORM and PostgreSQL, implementing secure role-based access control.
- Built server-side APIs, integrated Clerk for secure authentication and deployed a mobile-optimized PWA using a Turborepo monorepo.

Projects

IIIT Community Forum

React, TypeScript, Fastify, PostgreSQL, Drizzle ORM

github.com/burgerphilic18/purple-face

- Designed and implemented REST APIs using Fastify and PostgreSQL to handle posts, comments, and scalable threaded discussions.
- Enforced secure platform access through institute-verified email authentication and a robust, normalized relational schema.
- Successfully deployed the platform serving 100+ verified institute users with active daily participation.

Chowkidaar Discord Bot

Python, discord.py, PostgreSQL (Neon), Google Cloud Platform

github.com/burgerphilic18/chowkidaar

- Migrated legacy commands to Discord Slash Commands, improving user experience and reducing command execution latency by 40%.
- Engineered a high-availability GCP backend with systemd management, maintaining 99%+ uptime for 200+ active community members.
- Optimized database interaction and connection pooling with Neon, eliminating memory leaks and preventing timeouts during peak traffic.

EEE Bootcamp Platform

Next.js, Supabase, OAuth2, TailwindCSS

eee-bootcamp.vercel.app

- Built a full-stack platform restricted to institute emails using OAuth2 and automatic academic batch assignment logic.
- Developed backend services via Supabase to manage and store 40+ authenticated student profiles.

Technical Skills

- **Languages:** TypeScript, JavaScript, Python, C++
- **Backend:** Node.js, Fastify, Express.js, PostgreSQL, Prisma ORM, Drizzle ORM, REST APIs
- **Frontend:** React.js, Next.js, Tailwind CSS, shadcn/ui
- **Tools:** Git, Linux, Turborepo, Redis, Google Cloud Platform, Vercel, Supabase, Firebase, Clerk, Neon

Volunteer Experience

- **Tech Society, IIIT Bhubaneswar:** Organized national/state-level hackathons (110+ teams) and developed event management platforms.
- **Google Student Ambassador** (Sep 2025 – Jan 2026): Conducted technical workshops showcasing Gemini AI tools to students.

Education

International Institute of Information Technology, Bhubaneswar

Bachelor of Technology in Electrical & Electronics Engineering

Aug 2024 – Jun 2028
